Other than iphones and ipads, I'm unaware of any other mac products used in chk. I can check with our IT department to confirm if your question is more than a passing inquiry.

Agree on the conf calls. Cara, pls set up for 1 hour, wednesday mornings, every two weeks.

Looks like the site visit will need to be after 4th of july. Chris is on vacation until the 10th. Do you think we can hold off until then?

Thanks,

John

If we want to stick to the schedule we need to do a site visit soon. Also I would propose setting up routine calls every 2 weeks.
